Principal's Message

2020 - a year more of opportunities to relearn and unlearn rather than one of setbacks, is beating a retreat to bring us closer to new perceptions. Yes fresh perspectives on man's role in nature's scheme. Standing on the threshold of changes, we hope for the golden hues of a fresh dawn to weave its magic into our life. Undaunted by the pandemic, the unsung warriors in the global educational milieu were busy gearing up for accepting the new normals, adapting and equipping with the much needed new skills. Together with them, their little brave hearts pitched in to fight valiantly to conquer new horizons of online learning. The flood of online activities carried out by our Vidyalaya cascades down to you, as you unfold the pages of our news letter Pravahini, a testimony to the stupendous efforts of teachers and students working in perfect synchronisation from remote. As we brace ourselves up to conquer new heights, we pray to Gurudev to be our beacon light at every step, to help us tread untrodden pathways of learning with courage and optimism as our watch words.
